Kurzbeschreibung

The armies of Hochland are at breaking point. Beset on all sides by the feral beastmen, the safety and prosperity of the province is shattered. These are desperate times. Mercenary Captain Eriksson looks to capitalise on the conflict, buying the freedom of a group of prisoners to form a new free company. The criminals are delighted to be released, but this comes at a terrible price - to fight and die in the upcoming conflict. Eriksson must lead his makeshift company into one bloody conflict after another, putting his faith in those who gave up on honour long ago. On the battlefields of Hochland, either damnation or redemption awaits them.
